- CRITICAL THINKING

LANGUAGES

- ENGLISH : FLUENT
- SPANISH : INTERMEDIATE

ABOUT ME

I possess technical proficiency in programming languages such as JAVA and PYTHON, relational databases and SQL as well as web design with HTML and CSS. Further complementing my skills is a strong desire to expand my knowledge. With over 12 years of management experience, i have effectively led teams of 18-20 personnel, demonstrating strong adaptability and the ability to both lead and follow instructions seamlessly. I am highly organised and consistently meet deadlines, even under pressure.
